

HORIZON

FENCE PERMITS AND MATERIAL REQUIREMENTS

A permit must be issued for all fences that are constructed within the City. This is to ensure that the fence holes are uniform and within the property line. You may obtain one by contacting the Building Inspector at 712-943-9617 and completing an application which may be obtained from City Hall or downloaded from our website.

Fences may be constructed of wood, chain-link, manufactured PVC/resin, stone or masonry materials. Wood fences may only use standard building lumber. Sheet-metal of any kind, livestock panels or gates, and reclaimed pallets or other reclaimed wood products are not acceptable materials. (Section 9.04 of Zoning Ordinance).

Garden fences are permitted on a temporary basis but never to be used as a permanent fence and may be deemed a nuisance (9.04.06).
